COURSE OUTLINE

Phase I: Core Teacher Training (36 hours)

Foundations of TESOL

- Introduction to TESOL approaches and methodologies
- Understanding learning styles and how to adapt instruction
- Language acquisition stages and the 6 ESL learner levels

Classroom Engagement & Lesson Planning

- Building rapport with icebreakers and warm-up techniques
- Structuring lessons with the TESOL lesson plan template
- Setting clear learning objectives and effective activity flow

Language Systems

- Teaching vocabulary using context and visuals
- Communicative approaches to grammar instruction
- Adapting techniques for different proficiency levels

Teaching the Four Core Language Skills

- **Speaking:** Fluency, interaction, and learner confidence
- **Listening:** Active listening and comprehension techniques
- **Reading:** Scaffolding and strategy-based instruction
- **Writing:** From basic structure to creative expression

Managing Classrooms

- Managing learners of different ages and group sizes
- Techniques for large and mixed-ability classes

Assessment & Practicum

- Micro-teaching with feedback from peers and trainers
- Written theory assessment
- Final demo teaching and graduation
